

**States, Commonwealths, and Municipalities with 100% Smokefree Laws in  
Workplaces, Restaurants, or Bars  
currently in effect as of January 5, 2010**

Local laws generally pave the way for state and commonwealth laws. The states and commonwealth listed below had, in many instances, a high percentage of the population covered by strong city and county laws before the state or commonwealth law was enacted. To see a complete list of these local laws, as well as summary totals of all 100% smokefree laws, please go to [Municipalities with Local 100% Smokefree Laws](#).

**Note: The jurisdiction(s) affected by county-level laws vary widely. Look for a plus symbol (+) next to each county with a law that includes both incorporated and unincorporated areas. A county without a symbol means that the county law covers unincorporated areas only.**

**Workplaces**

Only laws that do not allow smoking in separately ventilated rooms and do not have size exemptions are listed here. Includes both public and private non-hospitality workplaces, including, but not limited to, offices, factories, and warehouses.
