

U.S. Colleges and Universities with Smokefree Air Policies

While it has become relatively common for colleges and universities to have policies requiring that all buildings, including residential housing, be smokefree indoors, this list only includes those colleges and universities with entirely smokefree campuses, or with entirely smokefree campuses with a minor exemption for smoking in limited, remote outdoor areas.

Please note, these policies have been enacted but are not necessarily yet in effect. Please contact the school itself to verify the status of its policy.
