States and Municipalities with Laws Regulating Use of Electronic Cigarettes
As of July 1, 2021

The following list includes states and municipalities with laws currently in effect that regulate where use of electronic cigarettes (e-cigarettes) is prohibited. E-cigarettes are battery-powered devices that are designed to mimic cigarettes by vaporizing a nicotine-laced liquid that is inhaled by the user. The use of e-cigarettes in workplaces and public places is a significant public health concern, not only because of their unregulated constituents and the potential health impact of the vapor on users and bystanders, but also because e-cigarette use causes public confusion as to where smoking is allowed, resulting in compliance problems with smokefree laws.

Most local and state smokefree laws were enacted before e-cigarettes were on the market, so while such laws do not explicitly mention e-cigarettes, it should not be assumed that their use is permitted. Existing smokefree laws are often interpreted to prohibit e-cigarette use in their smokefree provisions.

In the 100% Smokefree Venues column, the following abbreviations are used:

- **W** = Non-Hospitality Workplaces
- **B** = Bars
- **R** = Restaurants
- **G** = Gambling facilities

Please note, this document shows the number of places, not the number of laws. Some places have multiple laws. Please visit our [lists page](#) to see information by law in chart format. For more information on e-cigarettes, visit our [e-cigarette resource page](#).

**Laws Currently in Effect**

State, Commonwealth, and Territory Laws Restricting E-cigarette Use in 100% Smokefree Venues: 23

State, Commonwealth, and Territory Laws Restricting E-cigarette Use in Other Venues: 13

Local Laws Restricting E-cigarette Use in 100% Smokefree Venues: 990

In addition, 715 local laws restrict E-cigarette Use in Other Venues (not listed below).

**Summary of Laws Currently in Effect**

**State Laws Restricting E-cigarette Use in 100% Smokefree Venues**

Other state laws that do not explicitly address e-cigarettes might be interpreted as prohibiting the use of e-cigarettes in existing smokefree provisions.
