HOOKAHS: BIBLIOGRAPHY
This partial bibliography of studies is provided for informational purposes only. It should not be considered to replace medical advice from your physician, nor should it be considered as a list of every existing study on this topic. The ANR Foundation is unable to provide copies of any of the studies. Links to either the study’s abstract or full text are provided when available. The citations referenced below are presented without comment regarding the source, including any potential conflict of interest. Due diligence is recommended in researching the source of any given study before relying on its conclusions.

Lipkus, I.M.; Sanders, C.; Mays, D., “Influencing perceptions of harm of waterpipe tobacco smoking among one member of couples who use waterpipe,” *Nicotine and Tobacco Research* [Online ahead of print], December 25, 2021.

Association recommended tobacco-free policies among a national sample of postsecondary educational institutions,” Journal of American College Health [Online ahead of print], November 2, 2018.

Ahmad, I.; Dutra, L.M., “Imitating waterpipe: another tobacco industry attempt to create a cigarette that seems safer,” Addictive Behaviors [Online ahead of print], October 18, 2018.

Jukema, J.B.; Bagnasco, D.E.; Jukema, R.A., "Waterpipe smoking: not necessarily less hazardous than cigarette smoking: possible consequences for
Cardiovascular disease, Netherlands Heart Journal [Online ahead of print], December 5, 2013.

Eissenberg, T., "What can waterpipe tobacco smoking teach us about the need for a more rapid response to emerging non-communicable disease risks?," Addiction 108(11): 1885-1886, November 2013.
