## Research Bibliography

*This partial bibliography of studies is provided for informational purposes only. It should not be considered to replace medical advice from your physician, nor should it be considered as a list of every existing study on this topic. The ANR Foundation is unable to provide copies of any of the studies. Links to either the study's abstract or full text are provided when available.*

*This bibliography begins with a section on tobacco industry efforts to promote and/or influence ventilation standards and systems as a solution.*

*The second part of the bibliography contains studies relating to ventilation systems, etc.*
