

U.S. Public Housing Authority Policies Restricting or Prohibiting Smoking

April 1, 2019

This list represents communities with smokefree policies for Publicly-Owned Multi-Unit Housing, the majority of which are adopted by a Public Housing Authority (PHA).

All PHAs are required by the U.S. Department of Housing and Urban Development (HUD) to have a 100% smokefree policy in place for all public housing properties as of July 31, 2018. While PHAs should now have smokefree policies, only those whose policies ANRF has obtained and analyzed appear on this list. Prior to the adoption of HUD's mandate, hundreds of PHAs had already adopted a smokefree policy. [Learn more about HUD's smokefree rule.](#)

PHA policies cover all or specified public housing properties. Public housing is a category of housing that is owned by the PHA. Smokefree policies may include additional PHA-funded properties, such as mixed-finance and project-based properties. However, PHA policies do not regulate smoking in privately-owned subsidized properties, such as properties accepting Housing Choice Vouchers (Section 8). The table also lists some communities that have adopted laws/resolutions that require other types of affordable housing owned by the municipality to be smokefree.

For local smokefree housing laws, see [U.S. Laws for 100% Smokefree Multi-Unit Housing](#).

Definitions and Explanatory Notes:

Publicly-owned housing refers to properties that are owned or operated by a local or state government agency, typically called a Public Housing Authority or Agency (PHA). All public housing authorities are required by the U.S. Department of Housing and Urban Development (HUD) to have a 100% smokefree policy in place for all public housing properties as of July 31, 2018.

PHA policies cover all or specified public housing properties. Public housing is a category of housing that is owned by the PHA. Smokefree policies may include additional PHA-funded properties, such as mixed-finance and project-based properties. However, PHA policies do not regulate smoking in privately-owned subsidized properties, such as properties accepting Housing Choice Vouchers (Section 8). The table also lists some communities that have adopted laws/resolutions that require other types of affordable housing owned by the municipality to be smokefree.

All Units Currently Smokefree?:

Yes: 100% of units of all specified types of publicly-owned multi-unit buildings are required to be smokefree. Includes existing and future buildings.

Some: 100% of units in some specified types of publicly-owned multi-unit buildings are required to be smokefree. Often, these policies prohibit smoking in all newly occupied buildings or newly leased units, but either do not address smoking in existing buildings or only apply to a certain percent of units in existing buildings.

No: No buildings are required to be 100% be smokefree now or in the future. These laws may prohibit smoking in only a certain percent of units in existing and future buildings, or permit current residents to continue smoking in the building (“grandfathering” clause).

Percent of Units Currently Smokefree:

The percent of specified publicly-owned housing that is currently required to be smokefree:

100%: All units in specified publicly-owned housing must be smokefree.

N/S = Not Specified: The law does not specify the percent of units currently required to be smokefree or the percent of units currently required to be smokefree cannot be determined by how the policy is written, such as: applying only to new multi-unit buildings but not to existing multi-unit buildings **or** designating a certain percentage of units as nonsmoking **or** limiting smoking to certain buildings **or** permitting current residents to continue to smoke indefinitely.
